

HR Oxygen

HR Oxygen Service

- *Managing people is tough!* Our HR Oxygen service is here to help you “breathe” and get on with managing your business!
- If you’ve ever had to tackle a people issue on your own, you’ll know just how stressful it can be! Having your very own HR Expert on speed dial is invaluable. We are all highly qualified and most importantly, highly experienced HR professionals.
- We get to know you and your business inside and out, so that we are able to give you the best possible HR advice tailored to the needs of YOUR business.
- We don’t work from “off the shelf processes” or “scripts” at Meraki HR. You can trust us to give you the valuable gift of our experience and technical know how, as chances are, we will have dealt with and experienced the employee issue you find yourself having to deal with.
- We have a 100% client retention rate on our HR Oxygen service as people love the support and advice we give them and stay with us as a result of our exceptional service and support.
- Best of all we don’t tie you into a 3/5/7 year contact like the big, corporate providers. You sign up for just 12 months, and if you are not happy at the end of the 12 month period, you can walk away (not that anyone does!)
